# MRS. MARY WEBB IS RELIEVED BY DEATH

Beloved Woman Succumbs After Lengthy Illness of Arterial Sclorosis.

TRUE CHRISTIAN WOMAN
PASSES TO HER REWARD

Funeral Arrangements Delayed Until Son's Arrival Today from the South.

Mrs. Mary Webb, after a lengthy illness, died at her home on Pleasant street in this city Thursday afternoon at 3 o'clock. Althoug her illness had several months ago reached the acute stage, and her friends and family were in a measure prepared for the worse, still the announcement of her death yesterday was a shock to the host of friends she had made during her life long residence in

It falls to the lot of few personh to be so dearly beloved by as large a circle as was Mr. Webb. Her steadfast Christian character, combined with a cheerful and sunny disposition, made a friend of every one who knew her, and this friendship grew more stronger as the years passed. She was a steadfast Christian woman, having united with the Presbyterian church at an early age, and her devotion to her churchly duties, ministering to the sick and comforting in her sweet way those who were afficted or troubed, caused her to become one of the most beloved women in Paris. In 1857 Miss Mary Daugherty was united in marriage to Mr. Thomas Webb, who departed this life about forty years ago. From this union there were four sons, Ray Webb, who died at a nearly age; Chas. D Webb, who preceded his mother to the grave about five months; Frank P. Webb and W. H. Webb, who survive her. The direct cause of her

deat was arterial solerosis.

The funeral arrangements have not as yet been perfected, awaiting the arrival of Mr. F. P. Webb, who was in Knoxville at the time of his mother's death. Mr. Webb will arrive in Paris at 5:30 this morning. The funeral will probably take place on Saturday, due notice of the time of which will be given.

NEGRO WOUNDED THREE TIMES BY ONE BULLET

As the result of an accidental discharge of a revolver in the hands of a negro called "Speck," Wednesday night at the roundhouse in the south yards of the L. & N., Henry Ford, colored, was wounded three times. The bullet from the revolver struck Ford in the right hand, and arm and lodged in his side. The wounds, though painful, are not of a serious

# CITY TO PURCHASE AUTO APPARATUS

By the unanimous vote of the City Council at its regular meeting held last night an arder was entered to advertise for bids and specifications on an automobile chemical fire apparatus, and it is probable at the meeting on October 9 the Council will order the purchase of the new apparatus to be installed in the department

Mr. Chas. Howard and son, Geo. Howard, of Lexington, representing the White Automobile Co., were present and the latter gave a short talk explaining the merits of the machine which is the output of one of the oldest concerns in the country. Hesaid that at present there were four thousand of the machines in use and extended an invitation to the members of the fire committee of the Council to make a visit to the factory of the company in Cleveland to inspect the machines before making a purchase.

The members of the fire committee will go to Cleveland next week for the purpose of looking over the machines produced by the company, and will also inspect any others that may come to their notice.

A petition was presented to the Council, signed by a large number of property owners on Clifton Avenue, requesting that a fire plug be put in to afford protection to the property in that section of the city. A motion to have the plug placed on Clifton Avenue carried

Mr. Ben Spears, at present engaged as a private watchman by a number of merchants, was granted the authority of a special policeman, which is to take effect as soon as he qualifies by furnishing the necessary bond.

—Mrs. Wallace How e and Miss Roberts Meade, of Carrolton, are guests of Mrs. Wiliam Ferguon at her home near thi city.

—Mr. and Mr.. Milton C. Browning, of Cleveland, O., who have been the guets of relatives in this city, returned Sunday to their home. They were accompanied by Mrs. Julian Frank, who will make them a visit.

Rev. Dr. B. M. Shive will be in his pulpit at the Presbyterian church Sunday morning and evening at the usual hours. At the morning service "Morning Land," arranged for a quartet by Prof. Albert H. Morehead, will be rendered by Prof. Morehead, C. E. Webber, C. B. Mitchell and Dr. Frauk Fithian.

Increase of combustion is brought about by increase of muscular activity, which, as we say, "keeps us warm," and by the eating of fats and other foods of high carbon content. In summer or in tropical climates we have to fight increase of temperature which will arise from the invasion of the heat without or from overcombustion within. The organism overcomes heat by increasing radiation and evaporation. The diville, O. B. Crockett; Owingsville mis- lation of the blood vessels causes the blood to flow to the surface of the blood the loss by radiation is increased.

But it is especially by loss of water that the warm-blooded animals prevent the rise of temperature of the body. The cold produced by evaporation is great, for the loss of 1 gram of water (by prespiration and evaporation through the lungs) in 24 hours he loses 580 targe calories-i. e., enough heat to lower the temperature of 116 pound of water 10 de-

This demonstrates the enormous value of evaporation through the skin and lungs and the necessity for keeping these organs in prime condition, especially during the warm weather, if we are to bear it in comfort. It is obviously, then, a crime against the body to overclothe it.

#### CLEANSES YOUR HAIR MAKES IT BEAUTIFUL

It Becomes Thick, Wavy, Lustrous, and all Dandruff Disappears.

Surely try a "Danderine Hair Cleanse"if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil-in a few minutes you will be amazed. Your hair will be wavy, fluffffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilirating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as

Because he refused to answer questions propounded to him by the grand jury conductin a probe into alleged election frauds in Clark county, David B. Hampton, cashier of the Clark County National Bank and a prominent citizen of Winchester, was committed to jail Tuesday by Judge Benten, of the Clark Circuit Court. A fine of \$30 a day was entered against Mampton until he agrees to answer the questions asked him. "I'll stay ther until I rot," were the words of Mampton as he was conducted from the court room by Jailer Mullins, Tuesday morning. Wednesday morning he was brought into court and asked if he was ready to answer the questions. "No, sir," was the quiet reply, and he was again sent to jail. The affair has created quite a stir in the Clark capital owing to the prominence of the banker.

A dispatch from Leavenworth. Kansas, says that discoveries made by chemists and bacterologists at the University of Kansas prove positively that hydrocianic acid cannot be formed naturally in the human stomach, and that where it is found in the stomach of a dead man it must have been administered before death.

This fact conclusively proves, they assert, that the hydrocianic acid found in the stomaun of Col. Swope, of Kansas City, was administered before death.

Investigations were made by Profs. E. H. S. Bailey, H. P. Cady and H. W. Emerson, chemists, and Profs. C. C. Young and C. Lawson, bacteriologists Cady, Bailey and Emerson were State witnesses in the last Hyde trial.

The suit of the Commonwealth vs. the Burley Tobaclo Society, instituted in the County Court to recover back taxes upon unlisted property of the plaintiff from the formation of the pool in 1909, which was called Thursday and passed until Friday morning, was continued until October 3.

TAX SUIT PROSECUTION

HOWARD RECOGNIZED IN

Upon the grounds that John T. Collins and S. K. Nichols, witnesses in the case, were absent the plaintiff entered a motion to have the case continued, which was granted by Judge Dundon.

The suit is to recover taxes on approximately \$350,000 worth of property and was instituted several months ago by Mr. Howard.

The morning session of the court was occupied with argument of the question of the right of John Howard, ex-revunue agent, to participate in the prosecution of the case. Judge E C. O'Rear and Messrs. H. T. Duncan and Dwight Pendleton presented the position of the defendant, and Judge Lewis Apperson and Mr Howard himself supported the contention that his right to participate had not been abrogated through his resignation from the office of revenue agent. County Attorney George Batterton aiso appeared as associate counsel for the plaintiff.

The question was brought up when the attorneys for the defense filed a supplemental answer reciting that since the filing of the statement and the assignment of the case for trial, John Howard, who brought action in the name of the Commonwealth, had resigned as revenue agent for the State at large, and asking that the court require that another revenue agent or the sheriff, either of whom would be qualified to prosecuate the case, be substituted. To this the plaintiff demurred. In the argument Judge Apperson

and Mr. Howard took the ground that the law required only that the agent institute the action; that it was he duty of the couny attorney to prosecute the case; that the actual plaintiff was the State, and that resignation or deah of the revenue agent did not necessitate a change of pleadings or a substitution. Mr. Howard said that it was true he had resigned and was now a private citizen prac-State, but that the statutes provided that he should participate in the actions he had brought before resigning and secured his right to the fees in the event the case should be decided for the Commonwealth. He further held that his bond continued binding until the case should be dis-

Basing their argument upon the cases and sections cited by the plaintiff, the counsel for the defendant argued that although the actual plaintiff, the Commonwealth could not speak except through some authorized representative; that no one save BOURBON QUARTERLY COURT. a revenue agent or sheriff could institute an action for back taxes and either the one or the other must direct such suits; that the duty and auhority of county attorney ended with presenting the cause and that he could not settle such a suit, and while The Power Grocery Co., - Plaintiffs the action did not abate with the resignation of the agent filing it, yet it must be prosecuted by an authorized party whose bond afforded protection

for the defendant.

It was held that the bond of Mr. Howard could cover only acts 'prior Pursuant to fjudgment and order of to the time of his resignation and could not anticipate further obligations such as the defendant's court costs subsequent to his retirement as Wednesday, October 1, 1913, a public official. Another point made was that the defendant was entitled to have as opponent one bound by store room on West Main and 20th the oath of a public official bearing streets, expose to public sale the entire the responsibilities and obligations of a public official, whereas Mr. Howard was now only a private citizen, without the right to settle the case should a settlement be desirable; furthermore that the county attorney could not appear for an ex-official. Mr. Howard's sole interest in the case now, it was argued, was hope of securing the fees amounting in this wase to \$3,500.

As to the matter of compensation, it was argued that the fees provided chaser to execute bond with approved were for services involved in causing omitted property to be assessed and date of sale, or the purchaser may pay not for the formal act of filing statements, and that the agent who might perform the work or prosecuting the action would be entitled to the compensation should property be assessed Mr. Pendleton declared that Mr. Howard had filed forty-five suits against the Burley Society in which he anticipated receiving fees amounting to the law was yet to be performed. The of his life, getting two "householders' and duties terminated immediately

when he ceased to be a public official. Judge Dundon sustained the demurrer to the supplemental answer, saying that the case should be heard on its merits with the State as plaintiff in the action, irrespective of the resignation of Mr. Howard.

Then, wishing to verify some point in a novel published several weeks ago, he went up to the museum and asked for it, but found he could not wait until it could be supplied. This, he was informed, would be in seven years' time.

It would have been much simpler had he desired to discuss an educational work; in that case he would have had to wait only seven or eight weks, while in the case of a newspaper from fifteen to sixteen live steam for distributing the heat months must elapse between the date of publication and that at which it can be consuled at the British Museum. WILL BE MOST REMARKABLE IN HISTORY OF MERCHANDISING IN THE QUEEN CITY.

Main Idea of Fashion Week Is Not To Sell Merchandise, But To Establish the Fact That Cincinnati Is the Real Fashion Center-All Merchants Are Co-Operating To Make Success of Movement.

Cincinnati. - (Special.) - What grand thing it would be if everyone within the district of commercial Cincinnati could see the preparations being made to make Fashion Week in Cincinnati the most remarkable week in the history of retail merchandising in the Queen City.

During Fashion Week-September 29 to October 4-will be displayed in the stores of Cincinnati's progressive retail merchants the very newest, smartest, most authoritative gems of merchandise gathered from the world's markets. Everything that any one ever buys in a retail store will be displayed in windows trimmed most magnificently, for the window trimmers are competing for money prizes. And the merchants, you know, are even more zealous than the trimmers, for all are competing, one with another, in an effort to display the very smartest things in merchandise.

The main idea of Fashion Week is not to sell merchandise; the primal, basic idea is to establish beyond doubt the fact that Cincinnati is the real fashion center in the district within a radius of 150 miles of Cincinnati.

This is the first time in the history of Queen City retail merchandising that the merchants have come together to make an exhibition of their simultaneously. Heretofore there have been individual openings, and this would afford the visitor or the shopper merely the opportunity to see one display. Now the visitor can see, during Fashion Week, every store exhibiting its choicest, newest merchandise, embellished with everything that makes beautiful the displays, all at the

Fashion Week means that every retailer, whether he seils footwear, pianos, sporting goods, apparel of any kind-in fact, whatever is retailed will be displayed to the best advantage during the week.

There is an interesting story connected with the selection of Fashion Week as the name to describe this event in merchandising. The merchants of Cincinnati debated long about the name for the week, some fearing that the word "Fashion" might be misleading in that it would create the idea that the week was to be one merely for the exhibition of apparel.

But this is not the case at all. You can see everything that any retail store carries during Fashion Week. Every merchant, whatever he handles. has made every effort in his power to make his displays most comprehensive, and during the week there will be thousands of special bargains offered in scores of stores, and one can visit Cincinnati during the week of September 29 to October 4, convinced that a harvest of bargains is to be had. Don't forget the dates; see the Cincinnati papers for announcements of this week that means so much to your prettiness and your purse.

TO THE WEST.

The Missouri Pacific is offering very low rates to California, Idaho, Nevada, Utah, Western Clorado, New Mexico, Western Texas, Arizona, Oregon and Washington. Tickets sold September 25th to October 10th, inregarding rates, through free chair and sleeping car service, address J. A. Steltemkamp, G. A. P. D., 204 Traction Building, Cincinnati, O.

The American colonists at Los Mochis, Sinaloa, Mexico, have established a depot at Mazatian for the sale of alfalfa produced on their farms. This will put an end to importations from California, which in the past have been of some importance, and will furnish the colonists a long-needed local market for their alfalfa crops.

Minnesota's iron ranges are producing more than all the other States combined, last year's figures being almost 62.5 per cent. of the total output of the country.

IF HEADACHY, DIZZY, BILIOUS, "CASCARETS."

Clean Your Liver and Waste-Clogged Bowels Tonight! Feel Bully

Get a 10-cent box now. You're bilious! You have a throb-

bing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleaning up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are cured by morning with gentle, thorough Cascarets-they work while you sleep. A ten-cent box from your druggist will keep your liver andbowels clean; stomach sweet, and your head clear for months. Children love to take Cascarets, because they taste good and never gripe or sicken.

# FASHION WEEK Truck Replaced Three Teams

In eleven months this three-ton KisselKar Truck covered in actual service 4,760 miles at a fuel cost of \$1.08 per day. Manned by a driver and one helper, it replaced three teams of horses. The average daily burden was 37 17.20ths nst carried an average load of four tons---one ton overload---but in the entire period named, was laid up only two and one-half hours for repairs.

"We can recommend the KisselKar Truck and assure that it lives up to its guarantee," writes Thomas E. Fleischer, manager of the Sheboygan Lime Works.

Two and one-half hours for repairs, carrying over 37 tons per day is a record worthy of notice. KisselKar Trucks cost little to maintain and are economical to operate because the problem is solved in KisselKar construction.

Note these striking KisselKar features—Simple engine—easy to operate—reserve power—excess capacity—differential lock preventing one drive wheel absorbing all the power on slippery places, and stalling the truck—four speed transmitters geared up—fourth speed permitting high speed when desired without racing engine; 15 to 20 per cent. lower fuel consumption than average trucks—light spring suspension for power plant, heavy spring suspension for load—gauge that weighs load—greatest accessibility—easy control—larger brake drums, and extra powerful brakes—special bodies designed to meet every need.

In the range of capacity, 1500 lbs. to 5 tons, you can find just the type that fills your requirements-and with the KisselKar Truck goes the KisselKar Service, which is the mauufacturer's guarantee of satisfaction.

KisselKar Service means taking off your hands all of the mechanical details. A special service building is maintained in this city for the benefit of KisselKar owners. The KisselKar service is a broad and comprehensive arrangement between manufacturer and owners that cares for the car, maintains efficiency, retards depreciation and minimizes upkeep. This service is a valuable consideration in the purchase of a power wagon. Investi-
